

# Child Lift TONYA

## The ideal Support for children.

Highly colorful in design, TONYA permits children with movement impairments to be lifted from any position in an ergonomically correct manner. The TONYA child lift is available with a wide variety of slings.

Our TONYA children lift has been developed from the two most successful original lift products (DIANA and LEXA) and therefore combines functionality, design and exceptional quality. Of highly colorful design, TONYA permits children with movement impairments to be lifted from any position in an ergonomically correct manner.
